

TRILO S3

Vacuum Sweeper

A POWERFUL VACUUM MACHINE DESIGNED FOR RIDDING YOUR OPEN AREAS OF LITTER, LEAVES, GRASS CLIPPINGS, OR DEBRIS.

The TRILO S3 Vacuum Sweeper is a compact and economical vacuum sweeper with a loading capacity of over 4 cubic yards and large, air filled tires for low soil pressure. The S3 is standard equipped with a brush hood, which brushes the mowed grass or leaves together for more efficient vacuuming.

The Trilo S3 Vacuum Sweeper offers the ability to sweep and remove aeration cores following the aeration process, leaving a clean surface behind for topdressing.
