

GKB TOP CLEAN

A NEAT AND SUITABLE ALL-ROUND MACHINE FOR CLEANING YOUR SYNTHETIC TURF ON A DAILY BASIS.

Would you like to remove litter from your synthetic turf quickly and efficiently, without losing your infill? The GKB Top Clean makes this possible. Quickly and efficiently remove surface level materials from your synthetic sports field without removing infill with the GKB Top Clean. After lifting and separating the infill, the Top Clean makes collection of broken fibers, leaves, paper, cigarettes or other trash simple.

Even better, the Top Clean can be operated by one person, proving that everyday cleaning of artificial turf does not have to be time or labor intensive.
