

GKB TOPDROP

DESIGNED WITH FOUR PIVOTING BALLOON TIRES, TO PROVIDE THE PERFECT WEIGHT DISTRIBUTION ON YOUR TURF, KEEPING SURFACE DISTURBANCE TO A MINIMUM.

The GKB Topdrop is a premium brush dresser, which allows you to put out a variety of materials. With the layer thickness being easily adjustable, the spreading brush allows for complete control to deliver the amount of material you want where you want it.

The TopDrop has a full width conveyer belt. The material is transported to the rear of the machine where a hydraulically driven, speed controlled rotary brush applies the material evenly to the turf.
